BAC Operating Model

Building Advisory Committee – Operating Model

Governance route

BSR considers advice & information from its statutory committees and makes recommendations through HSE's established internal governance process. Any recommendations to the DLUHC Secretary of State will usually be subject to HSE Board consideration

BSR/HSE Internal Governance Processes

BAC advice, intelligence, and research

Research activities

New research activities proposed by BAC will, if appropriate, be commissioned by BSR in collaboration with HSE's Science Division.

Science/research governance

Scientific research proposed by BAC WGs will be overseen as part of HSE's Science, Engineering and Evidence governance processes, aligning with Government wide activities managed by Government Science

HSE and Government Science governance processes overseen by HSE's Chief Scientific Advisor
